### Fourth Liberty Loan.

The Fourth Liberty Loan bond sale  
starts today, and every true, red-blood-  
ed American is expected to do his ut-  
most to make the campaign a complete  
success. American soldiers on the  
battlefronts in France have changed  
the aspect over there very materially  
and advances from the fighting zones  
indicate that the enemy realizes that  
his utter defeat is now but a matter  
of time, and the over-subscription of  
the present bond sale will have a tre-  
mendous influence on the duration of the  
war. Any failure on our part to  
loyally provide the government with  
financial backing would prove a ray of  
hope to the enemy, while an over-sub-  
scription would be as far-reaching to-  
ward an early peace as would a great  
forward movement by the allied ar-  
mies. The war lords of Germany are  
watching the results of this Fourth  
Liberty Loan Bond Sale with a keener  
interest than you suppose, and should  
the cables carry to them the informa-  
tion that the loan went "over the top"  
the news will have as great a tendency  
to upset the morale of the powers that  
be in Germany as have the recent vic-  
tories of allied arms in the field been  
to disturb the morale of the German  
army in the field.

Medina county's quota in this new loan  
has been placed at \$113,500—a stupen-  
dous sum in view of the financial condi-  
tion that a four years' drought has left  
the county. But our citizenship is re-  
sourceful, and if every one will do  
his utmost there is but little doubt  
that when the campaign closes a new  
bar will adorn the Liberty Loan Flag  
awarded this county at the close of  
the last campaign.

The United States expects you to do  
your duty, the State of Texas expects  
you to do your duty, your county ex-  
pects you to do your duty, and your  
neighbor expects you to do your duty.  
Will you fail them?

There are no slackers among our  
soldiers boys on the battlefields. Many  
of them are paying the supreme price  
cheerfully that their country and yours  
may continue to exist in prosperity and  
tranquility, and it is every citizen's  
duty to back them up to the limit.  
Will you fail them?

The campaign is now on. It is hoped  
that at its close the news can be sent  
to our boys "over there" that there  
are no slackers back home. The news  
would prompt them to greater effort in  
defense of a flag that has never yet gone  
down in defeat. Will you help to make  
such a message possible?

### From Our Boys "Over There."

The following interesting letter was  
received by Roswell Ward from his  
brother, Lucian, now with the Ameri-  
can Expeditionary Forces in France.  
The first part of the letter was closely  
censored, the deleted words being rep-  
resented by straight lines instead of  
letters. A little effort on the part of  
the readers will enable them to pretty  
nearly supply the missing words. The  
writer is a Yencey boy and was among  
the first to don the knaki from this  
county.

Anyone receiving letters from the  
boys over there containing information  
that is interesting to the public  
(and anything relating to our boys is  
interesting), will confer a favor on this  
paper by sending them in for publica-  
tion.

SOMEWHERE IN FRANCE,

August 10, 1918.

DEAR BUD, SIS AND NIECE:

I am fat and fine and having a good  
time.

I received your letter of the 7th of  
July on the 8th, but I have been too  
busy to answer until now. We have  
been pretty busy—chasing the  
Boche.

Well, I will try to answer your ques-  
tions. We camp back out of range of  
the artillery or in a protected place, but  
sometimes, in case of emergency, we  
drive up pretty close to the line; if  
some aeroplane happens to find us and  
give the range we can move on, and  
Fritz is out of luck. We haven't had a  
man or a truck hurt. We only go up  
in case of emergencies. — to —  
and it is taken up — from there.

If we think we might have a chance to  
go up close, everybody wants to go.  
We were lucky a little while back; a  
rush order came for a supply train to  
go several miles and get — and our  
captain volunteered our train. We  
got there and got loaded and started  
out just as it was getting dark and it  
soon started raining. You may imag-  
ine what a drive we had in the rain,  
without any lights, on a pretty narrow  
road with plenty of traffic; we hadn't  
had any sleep the night before and we  
drove all night that night. We got  
among the heavy artillery before day,  
and it was singing the Boche a nice  
song and — going to start, so  
we drove on, our road running pretty  
close to the front, but it was nearer.

We drove several miles up the front  
right through the heavy artillery, for  
our men were further up the line.  
At last we got a mile or two behind  
where the lines had been and we met  
our first bunch of Boche prisoners, and  
the — hours old. So we drove  
on the best we could and were going to  
leave our — beyond the old German  
lines, but just as we had it about all  
unloaded the orders came for us to load  
it and take it further up, for it would  
be useless there; so we loaded it up  
and proceeded off across the battle-  
field, but we were not shelled, for they  
had captured so much of the Boche ar-  
tillery, or some other reason.

That was quite a sight. We saw all  
the results of battle—dead, wounded,  
prisoners, tanks—everything except  
the real fighting.  
We hauled wounded of all kinds back  
— Boche and all. We met a German  
general and his staff marching at the  
head of a long column of prisoners.  
He didn't seem any too well pleased,  
but said we took them by surprise.  
Well I had to stop writing to see our  
artillery chase a Boche away; we sure  
were betting on them for the shells  
were sure bursting close to him. I im-  
agine he went home with holes in his  
planes.

It is getting too late to write so I  
will finish my story later.  
Well I believe the end of that story  
was that we got back the next morning  
in time to eat hot cakes for breakfast,  
after three days and nights without  
sleep, but the trip was worth the  
money.

You can see by this that we have no  
set system by which to work. Part  
or all the trucks may be called out at  
any hour day or night or may stay in  
all day.  
As for our reading, we get some old  
papers from the States, but they don't  
tell us much we haven't read long be-  
fore, only about who is drafted, etc.  
There are three or four daily papers  
printed in Paris that can be bought al-  
most anywhere in France that tell us  
the news from the States and here, and  
we have, The Stars and Stripes,  
published weekly. It is a fine soldier's  
paper. I will send you my last one.

I can't speak much French, but I  
can make them understand almost any-  
thing either through words or signs.  
Some of the French women are pret-  
ty but they can't compare with our  
women.

We have three-ton Packard trucks.

They are good trucks for this country.  
I haven't any truck of my own; I have  
been assistant two or three times but  
would be taken of by — my  
section leader, except the last time,  
and then I asked to be relieved, for I  
couldn't get along with the fellow in  
charge of the truck. Providence and  
Rhode Island have kept me down, but  
I can't be worried—anything to finish  
Kaiser Bill.

The soldiers of the different nations  
get along fine as a rule. The French-  
men say "American, ah, bon soldat."  
I have had the chance of visiting one  
large city. I was close enough to Paris  
a couple of times to see the Eiffel  
tower.

M. and the rest of the boys that  
are close to home yet have hit it lucky  
in a way, but I wouldn't take a brass  
monkey for my trip over here, and am  
not ready to go back yet for a while  
unless the war is over. This is more  
interesting than soldiering in the States.

We get plenty of good eats as a rule.  
For a while they were feeding us on  
"monkey meat" and French bread.  
What we soldiers call "monkey meat"  
is beef canned in Argentina and it takes  
a good man to eat it.

Well I think this letter will be fat  
enough for you.

Lovingly your Bud and Uncle,  
Pvt. LUCIAN S. WARD,  
Co. B., 2nd Supply Trains, American  
E. F.

### Red Cross Notice.

The regular monthly business meet-  
ing of the Red Cross Society will be  
held at their hall Wednesday after-  
noon, October 2nd. A full attendance  
of members is requested.

### Capt. Metzger takes out Patent.

A patent has been issued to Capt.  
Fred Metzger on Spouts for Railroad  
Tanks, to avoid waste of water, Aug.  
13th 1918. Commissioner McAdoo in a  
letter to Capt. Metzger says he will  
install this invention if the advantages  
justify the installment. The issuing of  
the patent again proves that Capt.  
Metzger, with 85 years behind him, is  
still very active.

### Red Cross Notes.

A Red Cross meeting was called at  
New Fountain Wednesday night. Quite  
an enthusiastic crowd of men were  
present. Rev. Muennink, Supt. Saat-  
hoff and S. H. Saathoff addressed the  
audience on Red Cross, Belgians and  
the 4th Liberty Loan. A similar meet-  
ing was held at Dunlay Thursday  
night.

### Notice.

I have taken up the Texas Steam  
Laundry Agency at Hondo and will ap-  
preciate any business entrusted to me,  
and will make delivery promptly. If  
not convenient to see me, leave laun-  
dry at Mr. Marvin Beal's barber shop.  
Very respectfully,  
MURRAY DILWORTH.

### Quini Notes.

On the 12th inst. the Quini Evg. Lutheran Congregation dedicated its new U.S. and Service flag. The former, an emblem of beauty, was presented by Messrs. Otto Grell, John Bohlen and Ernest Balzen. It was made by the willing hands of Mesdames C. A. Oefinger, Ernest Balzen, Aug. Beteit and Misses Frieda Balzen, Della Oefinger, Eda Fuos and Malinda Oefinger. The Service flag contains 18 stars, which remind every one at service on Sunday of the noble sons that have left for the battle field of Europe.

Rev. August Beteit, the pastor of the congregation, delivered a patriotic opening address, and while "America" was sung the flag of the nation, the Red, White and Blue, was raised to the tower of the Church where it proudly waved in the sun-shine.

Rev. Falkenberg of Hondo entertained those present by reading several interesting newspaper clippings, discussing the subjects: "Why am I an American citizen?" "What led me to become same?" Prof. S. Saathoff also spoke in eloquent words urging every one to do his part in Red Cross work and all patriotic undertakings, because it is our duty to do so.

Sandwiches, ice cream, soda water and La Perla were served as refreshments, and the net proceeds of same added to the Red Cross fund.

Quite a number of people had gathered for the celebration and all gave the assurance of having had a pleasant time. X. Y. Z.

### Biry School Notes.

Last Friday afternoon the pupils and teachers of the Biry High School gathered in the primary room and organized a Literary Society.

The following officers were elected: President, Raymond Blackburn; Vice-President, Miss Gladys Godden; Secretary, Miss Alice Bilhartz.

Program Committee: Miss Kate Griffin, Arnold Bendele, Margaret Dillard. Great enthusiasm was shown by the pupils and teachers.

They expect interest of the community to be shown by the people attending their Friday afternoon programs, which will be rendered every two weeks.

We ask that all the parents co-operate with us in making this a success.

### PARTY AT BIRY.

Friday evening the teachers and High School Pupils of Biry entertained in honor of the boys of the First Texas Infantry.

The Biry Hall was beautifully decorated in White, Red and Blue. The lights, which hung on all sides, were also of the National colors, and Old Glory floated from above.

The crowd was large, there being about ten of the boys present. After several games and contests were played the crowd broke up, feeling that they had done their part in showing the boys a good time.

### Enterprise School Opens.

The Enterprise school opened Sept. 16, with a splendid beginning, and May Robison as teacher. Besides the school children there were a number of patrons of the school present. The teacher gave a good talk and she was followed by Armin Bendele, Sr., making talks with good advises to the school. Every one seemed much interested and hoped to make it a successful term.

### Hondo Boys Make Good.

By diligence two more of Hondo's patriotic young sons have won the insignia of 2nd lieutenants in Uncle Sam's army—Arthur H., and Jay Frank Jungman, sons of Mr. and Mrs. P. Jungman, Jr. These two young men attended the students army training corps camp at Fort Sheridan, Illinois, during the summer months, and at its conclusion Arthur was commissioned a 2nd lieutenant and was assigned to the field artillery; Frank was also commissioned a 2nd lieutenant, and was assigned to the infantry.

Both these young men were raised in Hondo and are known to every one in this section of the county. Both are graduates of the Hondo High School, and both graduated from the West Texas Military Academy of San Antonio in the 1915-16 class, Frank being valedictorian of the class. Arthur attended the A. & M. during the scholastic years of 1917-18 and was elected 1st sergeant; Frank was a member of the student body at the Rice Institute at Houston, and at the end of the terms of their respective schools both passed into the junior classes, but as their chief concern for the immediate future will be putting the Berlin butcher in a position where he will no longer be a menace to the balance of the world, the completion of their education will have to wait on the more pressing duties that now, in conjunction with millions of other young American, devolve upon them.

Lieut. Arthur Jungman came home on last Friday night of last week on a brief furlough, leaving Tuesday morning of this week for Camp Taylor, Louisville, Ky., where he will be stationed for the present; Lieut. Frank Jungman arrived home Sunday night and after a two day's visit, left Wednesday morning for Missouri University, Columbia, Mo., where he has been assigned to duty for the present.

The Anvil Herald, in connection with a host of other friends, salute these young lieutenants and trust that other honors are in store for them. Any distinction that our soldier boys may win reflects honor on their home town. Lieut. Arthur Jungman has just reached his majority, while Lieut. Frank Jungman is but 19 years of age—we believe the youngest man to win a commission in this county, and unquestionably among the youngest in the whole State of Texas.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children, of all ages and for grown-ups.

### DETROIT WOMAN'S LONG SEARCH HAS BEEN REWARDED.

In the Years She Suffered Nothing Relieved Her Until She Took Tanlac — Five in Family Praising it.

"When my wife showed a gain of six pounds on her first bottle of Tanlac, another member of my family started taking it and now there are five Tanlac boosters at my house," said Will Prentiss, who lives at 135 Porter Place, Detroit, Michigan.

"For several years," he continued, "my wife suffered terribly from stomach trouble of the worst kind. She had no appetite and what little she forced herself to eat, formed gas that kept her constantly belching up sour, undigested bits of food, and made her miserable night and day. Her head ached most of the time, she was too nervous to sleep well at night and felt tired and worn out in the morning.

"After trying many other preparations searching for something to relieve her, I finally got a bottle of Tanlac and she is like a different person already. She is entirely relieved of that gas trouble, her headaches and nervousness are gone and she sleeps like a babe all night. She says she feels better than she has in a long time, and she sure looks it."

Tanlac is sold in Hondo by W. H. Windrow.

### COTTON SEED PRICES STABILIZED

Administrator Peden while in Washington attending a conference of State Administrators of the Food Administration, wired Texas headquarters September 5 that as a result of a thorough investigation of and analysis of all the factors entering in price for cotton seed as affecting the farmer, the distributor, and the crusher, a plan for stabilizing had been evolved. The message reads:

"Stabilization of cotton seed prices at average recommended by the producers has been accepted by the Food Administration after a conference with the State Administrators. The prices arranged are as follows:

Zone One, \$68.00  
Zone Two, \$67.00  
Zone Three, \$66.00  
Zone Four, \$67.00  
Zone Five, \$64.00

All in car lots f.o.b. points of shipment.

"Price for sacked meal and screened cracked cake 43 per cent protein, any quantity, \$57.00; hulls, \$20.00 loose; oil, 17½ cents, basis prime.

"The Food Administration has applied to the War Industries Board to revise price of linters; any increase in price of linters will be applied to reduction of meal. PEDEN."

When you have an achey, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 50c. Sold by W. H. Windrow.

### \$500.00 Reward.

I will pay the above reward for the arrest and conviction of the party or parties who are stealing my steers. 1-1-19 L. W. SHORT.

Yellow complexion, pimples and disfiguring blemishes on the face or body can be gotten rid of by doctoring the liver, which is torpid. HERBINE is a powerful liver correctant. ## HONDO TESTIMONY.

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper, you most always find the recommender a Hondo resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Hondo recommendation. Then insist in having Doan's. You will know what you are getting.

Mrs. X. Wantz says: "My kidneys were disordered for some time. I had a dull, bearing-down pain in the small of my back which steadily grew worse and it hurt me to stoop or straighten. I read of Doan's Kidney Pills and procured a box at the Martin Drug Co. They gave me relief right away and did me a lot of good in every way. I don't hesitate to say a good word for Doan's and to recommend them to other kidney sufferers."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## HOW NEW YORK SETS CANDY CONSERVATION PRECEDENT FOR U. S.

Administrator Peden is advised by the U. S. Food Administration that the Association of Manufacturers of Confectionery and Chocolate of the State of New York, as the result of a conference held with the food officials in Washington August 12, have gone on record by recommending that retail dealers limit sales of candy to one pound at a time; that they reduce window displays of candy by half, giving up the space to worthy war activities; that they take inventories of stocks of candy boxes of two-pound capacity or more; that the manufacture and sale of coconut candy be encouraged; and that during the canning season fruit be eaten instead of candy.

The action of the New York candy makers is regarded as a precedent which may be eventually adopted by the manufacturers of all the States of the Union. Candy makers have been cut down by the Food Administration to one-half the sugar they used last year, but no restriction has been placed upon the amount of candy that retailers may sell at a time. The seeming inconsistency of this situation with the regulation that limits purchases of household sugar to two pounds at a time was appreciated by the confectioners of New York State themselves.

It is not the aim of the Food Administration to discourage the purchase of candy altogether, but to moderate its consumption with a view of the saving of sugar, which must be saved in order to prevent shortages.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c and 1.00 per bottle. Sold by W. H. Windrow.

### MAXIMUM BASE PRICES ON HAMS, BACON, SKINNED HAMS AND PURE REFINED LARD.

At a meeting of the packers on August 16, at the Food Administration Building, Washington, maximum prices were agreed upon as follows, price f.o.b. Chicago:

Standard Cure Light Hams.  
14 lbs. and down.....32½c  
14 lbs. to 18 lbs.....32c  
18 lbs. and upward.....31½c

#### Fancy Cured Hams.

Of the same weights, not more than 1c advance over standard hams of like weight. A differential not exceeding 2c per lb. for skinned hams over the price of regular hams of the same weight and grade may be added to standard ham prices.

#### Standard Wide Bacon.

10 lbs. and down.....43½c  
10 lbs. to 14 lbs.....41¾c  
14 lbs. and upward.....40¼c

#### Fancy Dry Cured Bacon.

Of the same average of any trim, not exceeding 5c per lb. advance.  
Pure Refined Lard.  
Tierce basis.....27¾c

When goods are sold from branch house, peddler cars, or agencies which perform the general services of branch houses, there may be added freight from Chicago, cost of packages, and a cost to sell not exceeding 75 cents per hundred. Orders taken through traveling salesmen to be shipped from packing houses shall not be considered to provide a type of service which shall justify any additional charges over base prices.

HERBINE is the medicine that cures biliousness, malaria and constipation. The first dose makes you feel better, a few additional doses cure completely. Price 50c per bottle. Sold by W. H. Windrow.

#### Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

ED. HUEHNER, LOCAL REPRESENTATIVE

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

At last the prevailing drought was broken Thursday evening and night by fine rains amounting to 2.30 inches. It put out plenty of stockwater which was getting scarce in some parts. Some of our farmers contemplate sowing oats.

The Grand Dance given at Wernette's Opera House, on Sunday night, Sept. 22, was largely attended and very much enjoyed. Good music was furnished and the best of order prevailed.

A. F. Forst of Hondo, was noted on our streets Saturday.

Ed. J. Lamon, Harry Hans and Rudolph Tschirhart, and Albert F. Haller were Hondo business visitors Monday.

W. N. Sathoff, our popular County Superintendent, of Hondo, was a Castroville visitor Monday.

Mr. and Mrs. Ben Laas and baby of Potranco visited kinfolks here Monday.

Mr. Henry Vonfle made a flying business trip to the Alamo City Monday morning.

We just learn that the contents of the crib which was destroyed by fire early Monday morning, belonged to the widow of the late Joe E. Tondre.

Mr. and Mrs. C. B. Watters of San Antonio spent Sunday here, the guests of Mr. and Mrs. Louis Scherrer.

Mr. and Mrs. John Zuberbuehler and Mr. and Mrs. Adolph Haby of Dunlay were here Wednesday. Mr. and Mrs. Zuberbuehler had their little daughter, baptized in Catholic Church and named her Florence Ruth. The sponsors were Mr. Fred Weiss and Mrs. Adolph Haby.

Edmond Naegelin of San Antonio spent the week here visiting his mother, Mrs. Emily Naegelin.

Mr. and Mrs. Otto Jungman and Mr. and Mrs. Martin Mechler of Lacoste were here Sunday for the dance.

Mrs. John Srticker and daughter, Miss Stella, Mr. Maurer and sister, Miss Lenora, Mr. and Mrs. Mockenfuss and daughter, Miss Hazel, of San Antonio, were here for the dance Sunday night.

Great Faith in Chamberlain's Cough and Diarrhoea Remedy.

"Chamberlain's Cough and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking 3 doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.

### Must Stop Papers.

The News has received Questionnaire this week from the Government War Board, asking us under oath to tell how many delinquents we have over three months, and requiring us after Oct. 1st to cut these off. We are to cut off all free copies, except one copy each to advertisers for checking purposes. To cut off all exchanges beyond 40 miles of place of publication. No contest or extra editions are to be put out. No reduction of regular prices are to be made and not over ten extra copies are to be published each week. We are required to buy only a certain grade of paper and from the nearest dealer consistent with price, etc. Please save us trouble by seeing that your paper is paid for. — Devine News.

## Self Defense

DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC.

Many people in Texas, as elsewhere, have suffered from rheumatism and kidney trouble and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments.

The lucky persons are those who have suffered, but who are now well because they heeded Nature's warning signal in time to correct their trouble with this wonderful new discovery of Dr. Pierce's, called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of "Anuric." All druggists sell Anuric for 60c; or send Dr. V. M. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10c. for trial package.

JACKSON, TEXAS.—"I am more than well pleased with the Anuric Tablets. I was disturbed five to eight times at night and sometimes more. I was so well pleased with the first supply of Anuric that I went to town and bought two bottles. It is the only thing that ever gave me any relief for the kidneys and I want the world of sufferers to know it. I think Anuric is the best medicine on the market to-day."—A. J. MILLER.

Dr. Pierce's Tablets regulate and invigorate stomach, liver and bowels. Put up in 25-cent vials and sold by all druggists. They are tiny, sugar-coated. Contain May-apple, jalap—harmless but efficient.

### LaCoste Ledger Laconics.

Messrs. Henry and Emil Mann of Pearsall were here on business Monday.

Frank Loessberg of San Antonio was visiting August Weber and family Sunday.

Mrs. J. L. Mechler was in San Antonio on business and pleasure Friday.

Mr. and Mrs. Henry Salzmann and family were business visitors in the Alamo City Monday.

Mrs. R. J. Mangold and daughter, Rachel, left Sunday on a few days visit to relatives and friends.

Miss Annie Gross and brother, Henry, and Mrs. Louis Gross and daughter, Marguerite, were visiting relatives at D'Hanis the fore part of the week.

Mrs. Adolph Tondre and son, Clyde, and daughter, Mabel, of Castroville paid a visit to Mrs. Henry Mangold and daughters Saturday.

Miss Isabel Schneider of Hondo passed through here Sunday morning on her way to Rio Medina where she will teach school this coming term.

John Schorp from Rio Medina was in LaCoste Saturday, and reports everything very dry in his neighborhood.

Little Alberta Groff is spending the week at Castroville with her grandparents, Mr. and Mrs. Joseph Schneider.

The registration at LaCoste on the 12th shows up with 106 registrants, some of whom have already received their Questionnaire. It was quite a surprise to some of our guessers, their figure going up to only 60.

Mr. J. F. Dilworth, formerly book-keeper in the First National Bank of Hondo, has taken the position of Assistant Cashier with the LaCoste National Bank, in place of Miss Ida Reicherzer, who resigned to take a position in San Antonio. We bid Mr. Dilworth a hearty welcome and trust that his family may soon follow to make their home in our midst.

### Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

## Cattle Loan Agency

September 18, 1918  
To Banks, Trust Companies, Live Stock Loan Companies, and Individuals in Territory assigned to this Agency.

1. To meet the emergency caused by the extended drought throughout the West and Southwest and the necessity of preserving and conserving the stock and breeding herds and flocks of our country, the War Finance Corporation has established an Agency at Dallas for the purpose of making loans, when imperative, to persons, firms and corporations engaged in breeding and raising live stock. It has been determined to authorize loans and advances to such persons upon proper application, where such loans cannot be obtained through the regular established channels, and this letter is to advise briefly the scope of such agency and the conditions under which loans will be made.

2. No loan will be made to mature later than November 15th, 1919, if made during the present year, or for longer than twelve months if made in the year 1919; but may be made to mature at an earlier date. The interest on direct loans, where made to individuals, will be at the rate of 8 per cent per annum, and, where made for more than a year the interest must be paid at the expiration of the semi-annual period.

3. No loan will be made where the applicant does not show the proper facilities and the possession of—or the ability to acquire and secure—the necessary feed and range, and whose experience does not indicate that the applicant is amply capable of properly caring for the live stock offered as security.

4. All applications must be made in writing, on forms to be furnished by the Corporation (which will be mailed on request), such applications to be accompanied by the signed financial statement of the borrower.

5. No application for a loan will be considered unless executed by the person, firm or corporation owning the live stock offered as security, and only for the purpose of conserving the breeding herds of the country, and upon what is known as the stocker cattle, which, as here defined, will consist of bulls, cows, calves, and one- and two-year old cattle of either sex, rams, ewes, and lambs and bucks, nannies and kid goats; and no loan will be approved for a greater amount than 75 per cent of the appraised value of the live stock offered as security, except that in special cases where funds are desired to purchase live stock which would otherwise be forced on the market, the Corporation in its discretion may advance the full amount of such purchase price, upon the borrower furnishing other approved security in an amount equal to at least 50 per cent of the amount loaned.

6. Necessary forms will be furnished, as stated, on request. An examination and inspection of all property offered as security will be made by a regularly selected appraiser named by the Corporation.

7. Applications for loans approved by the Agency will be submitted to the War Finance Corporation for final approval.

8. The Corporation will reserve the right, in its discretion, at any time after the loan is made, to require additional security, and the failure of the borrower to furnish same will, at the option of the Corporation, at once mature the loan.

9. The facilities offered banks and trust companies in the circular letter No. 33, dated July 23rd, 1918, by Mr. R. L. Van Zandt, Governor of the Federal Reserve Bank of Dallas, will be continued, and banks and trust companies may continue to secure advance on the terms and conditions therein explained.

10. Our facilities for making inspections are limited, and, as applied to small loans, quite expensive. It is therefore hoped that all loans of Twenty Five Hundred Dollars or less can be placed with local banks, which loans in turn can, when desired by the banks and approved by us, be taken care of by the Corporation under the terms of letter No. 39 above referred to.

11. All communications relative to the above subject should be addressed to the Cattle Loan Agency of the War Finance Corporation, 721 Linz Building, Dallas, Texas.

MARTON SANSOM, Manager.

### Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.

### Good for Biliousness.

"I took two of Chamberlain's Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Finestore of Alpena, Mich. "They are certainly a fine article for biliousness." For sale by all dealers.

## STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEDFORD'S

## BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

## Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tonic

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a bottle of Dodson's Liver Tonic, is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to your liver without stirring up inside, and can not salivate. Don't take calomel! It makes sick the next day; it loses you a day's work. Dodson's Liver Tonic restores you right up and you feel better. Give it to the children as

## INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the stunted condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c

TO KEEP WELL  
A Teaspoonful of PERUNA  
Three Times a Day

Has Never Been So Sick Since Taking

PERUNA

Read this letter from Mr. Minnick, Grass Range, Minn. "In 1900 I was out in the running a threshing engine. One of the boys brought a Peruna Almanac. I read the engine one day and feeling very ill from the heat, I decided to give Peruna a trial and sent for a bottle. I took it and a box of Peruna tablets, which straightened me in a hurry."

"I have never been down since that time. I do not use any other medicines except Peruna. I always keep it on hand. If I get my feet wet, get a cold, or feel a little bad, I always take Peruna. People do not wait until they are sick and then take it, but keep it on hand like I do when they feel bad, they use it."

People Speak Well of Chamberlain's Tablets.

"I have been selling Chamberlain's Tablets for about two years and such good reports from my customers that I concluded to give them myself, and can say that I do believe there is another preparation the kind equal to them," writes McBride, Headford, Ont. "If you are troubled with indigestion or constipation give them a trial. They will do you good."

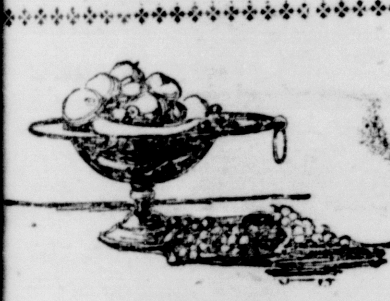

# CANNING

Why does the Food Administration present encourage canning without present? Because perishable fruits are lost if not canned. If fruit is dried and air excluded, sugar is not needed as a preservative enough can be added when the fruit is eaten to make it palatable. In jams and jellies be made later sugar is more plentiful? Yes; the fruit pulp and juices that have been sterilized and canned or sealed without sugar. A small amount of sugar can be used in making jams, jellies, and preserves which depend upon sugar as a sterilization for their keeping qualities. Allow no more than three pounds of a pound of sweetening to a pound of fruit. One-half pound of sweet fruits is enough. Sugar substitutes be used in jamming? Yes. Corn syrups and other syrups not made from granulated sugar can be used with sugar. Some parts of the country suitable for canning of syrups and sorbets are available for preserving without adding any sugar. How else may fruits be saved without the use of sugar? Some fruits may be dried; others may be stored in cellars. Fruit pulp may be evaporated to a paste, thus concentrating natural fruit sugar.

# MAKING THE FRUITS COUNT

## To Make Fruit Drinks.

The principal charm of a fruit drink is in the smooth blending of the various flavors. When ready to use, apply the needed sugar in the form of a syrup, for otherwise the juices of sugar must be mixed and allowed to stand together for several hours before serving. A sugar syrup may be diluted and in place of each cup omit 1 cup of honey or 1 1/4 cups of lite corn syrup. It saves time and to make a quart or so of this syrup at a time and bottle it boiling in sterilized jars for subsequent use.

A small amount of some strongly acid fruit should always be added to the fruit drink to give it the proper degree of acidity. The juice of rhubarb or barberries is sufficiently sour to take the place of lemon juice, which is often recommended for this purpose. Orange juice may be substituted for lemon juice by adding to it a small acidity of cider vinegar.

Add to the fruit juices enough of the ripe to sweeten them, enough acidity to contribute the desired zest, and dilute the whole to taste with shaved ice or with ice water.

## To Make Fruit Leathers.

Concentrate fruit juices by boiling them over direct heat, then by drying them in the top of a double boiler, or on platters or enamel pans set in a moderate oven. The juice is sufficiently concentrated when, on cooling, it makes a highly glazed, tough, leathery jelly. Dry the leather in thin sheets, and roll the sheets like jelly rolls, then cut them across; or roll it in a sheet 3/4 of an inch thick, and cut it in cubes. In either of these forms the leather makes a tempting confection. Store in air-tight containers or in a dry place.

Leathers are also made from un-sweetened or slightly sweetened fruit pulp. Peach leather is unsweetened, each marmalade dried in the oven, sprinkled with sugar, rolled and cut. Strawberry leather is made by crushing sweet, ripe strawberries, and drying them without cooking, in the oven.

## DEALERS IN HAY ARE REQUIRED TO HAVE FEDERAL LICENSES.

The Federal Food Administration for Texas has ascertained that there are in this State (Texas) a number of dealers in hays who have failed to apply for license. All persons who ship hays, except farmers who handle exclusively the hays produced by themselves, should hold a license, authorizing them to transact business. Failure to secure license subjects them to penalties.

## PRaise in "VIOLENT TERMS"

Collier's Weekly Writer Says Officers and Privates Are Emphatic in Telling About Salvation Army Work.

(By James Hopper, in Collier's)  
The reason that we wanted to see the Salvation Army hut was that, all the way up here, everyone we talked to, from general to private, had gone out of his way to enlist us in a violent and (it seemed to me) unreasonable partisanship. That is why I went into the Salvation Army hut, to see.

It was night, by this time, and the place we entered, lighted only by a few sputtering candles, was made vast and mysterious by the great shadows which massed in the corners and pulsed in the depths of the high ceiling. It was, as a matter of fact, I think, some big deserted barn, but it had the aspect of an old and ruined cathedral. At first this is all one saw—the old, thick stone walls; the floor of beaten earth, smelling damp; the high ceiling, patched, where there were holes of suspicious shape, with white squares of tent canvas; the candlelights, each with its humid little halo. Then we saw that beneath the candles were tables, and about the tables chairs, and that at some of the tables men, American soldiers—coated still with the mud of the trenches, their steel helmets upon their heads, their gas masks beneath their chins—sat reading or writing.

Here, by the counter, was another group of soldiers. One of them, back from his turn from the trenches was holding forth to others who had not yet been there. He was a young lad, very young (how very young most of these soldiers look!); a stripling of a lad, tall and lithe. His attitude toward what he had just been through was one of intense and eager satisfaction. He was like a freshman just out of his first football game still thrilled with it, and tremendously anxious for the next.

One of the boys further away rapped on the counter for attendance. A moment after the canvas screen behind parted, a young woman appeared. She was a young woman and most becomingly gotten up in a khaki-colored costume which had something about it of military chic. And when she spoke it was with a low, well modulated voice, and her eyes were bright and frank. Many of the soldiers came forward now to be waited on, and she did this graciously as any queen (fairy-tale queen, I mean) who loves her people very dearly and is bound to share their worries and their troubles and is filled with tenderness for their hardships and their perils—we could see she was adored.

After she had attended to many wants we introduced ourselves, and she invited us behind the canvas screen to see her kitchen. The kitchen was merely the farther end of the building; like it, it had grimy stone walls, a damp earthen floor, and an absurdly high ceiling patched with canvas. But on the ground was a field range, and there were, besides, a deal table, several rough chairs, barrels, boxes, and cans of provisions, and in a corner a little tent which was her home. We sat at the table and, while observing secretly meanwhile the fact that she possessed humor and tolerance and understanding, a mind as beautiful as her external charm, we pursued our severe investigation (though now we knew). We asked why the Salvation Army, around these "diggins," was more popular than other organizations. She deprecated such talk, of course. She said the other organization was an admirable one, and that it and hers worked together in mutual helpfulness and amity. But when we pressed our questioning she at last admitted that perhaps the unreasonable partisanship of the soldiers of the sector was due to the fact that her hut made hot chocolate and doughnuts and pies (once more the chocolate, doughnuts and pies!). She called her helpmates, two blond Salvation lassies, and asked them statistics on the subject, and they said the record was this: one day they had made fifty pies and two thousand (I say two thousand) doughnuts.

As we talked there had been a number of heavy detonations near by, and I, wishing to show I had been in this sort of thing before (man will always show off before woman), said: "You have a battery stationed near by, haven't you?" But she, in a rapid parenthesis, answered negligently: "Oh, these are not departures; they're arrivals," and went on with the subject thus disturbed. Now, a departure is when you shoot at the other fellow, and an arrival is when the other fellow is shooting at you (and coming close). For the first time I noticed, hanging on one side a steel helmet, on the other a gas mask. A dinner engagement is a dinner engagement; our watches shake them as we might, now told us it was time for dinner with the brigadier general, and so, not liking (for the moment) the brigadier general at all, we said good-bye and went to dine with him.

# LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers. Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If you druggist hasn't any freezone he can get it at any wholesale drug house for you.

# POULTRY AND EGG RULES ARE CHANGED.

A number of changes have recently been made by the Food Administration in the special rules and regulations on frozen poultry and cold-storage eggs. According to one amendment, the original packer or shipper of frozen poultry can not sell to the wholesaler at an advance over cost of more than 6 per cent. He may charge an additional 5 per cent if he sells to jobbers or suppliers of hotels and institutions. In case he sells to retailers he may charge an additional advance not exceeding 10 per cent. When he himself supplies hotels and institutions, he may take not to exceed 15 per cent in addition to the 6 per cent.

One sale of any lot of this kind of poultry may be made between dealers in the same class, to supply the reasonable requirements of the buyer's business, if an immediate report is made to the local Federal Food Administrator. Ordinarily, when such sales are made, an advance of not more than 5 per cent may be taken, but when the sale is made by the original storer he may take not to exceed 6 per cent. If the sale is made by a commission merchant to a wholesaler, the commission can not exceed 5 per cent.

Changes have been made in the rules governing the sale of cold-storage eggs by the original storer. The sale between dealers in the same class may be made, if it is reported to the local Federal Food Administrator, and a 4 per cent advance over cost may be added. However, if such a sale is made by the original storer he may charge not more than 6 per cent. When a commission merchant sells to a wholesaler, his commission shall not exceed 4 per cent.

Another revision of the rules makes it plain that the original packer or shipper shall not sell cold-storage eggs to wholesalers at an advance of more than 6 per cent over cost. He may charge an additional advance of 4 per cent if he sells to jobbers or suppliers of hotels and institutions. In selling to retailers, he may charge 5 per cent in addition to the 6 per cent allowed when selling to wholesalers, providing the eggs are sold "at mark"—that is, in the original packages. The change here makes it clear that an additional charge not to exceed 4 per cent may be made when the original packer or shipper performs the wholesaling function of selling to jobbers and suppliers of hotels and institutions.

## USE "FAIR PRICE LISTS" AS YARDSTICK IN THE MAKING OF YOUR DAILY PURCHASES OF FOOD

ADMINISTRATOR PEDEN IN MESSAGE TO HOUSEWIVES OF TEXAS ON SECOND YEAR OF FOOD ADMINISTRATION ASKS THEIR HELP IN KEEPING PRICES FROM SOARING "SKY-HIGH."

To the Housewives of Texas:

At the approach of the second year of my service as Federal Food Administrator for Texas I wish to thank you for your hearty co-operation in the cause of food conservation. The splendid results achieved justify the sacrifice you have made in conforming to the novel and frequently difficult demands which the war has placed upon the dinner table. I have no doubt that you will continue as civilian soldiers to comply faithfully with the rules and requests of the Food Administration, by wasting no food whatever and by saving as much as possible of the essentials for our brave boys and allies across the Atlantic.

There is still another service—a service of great value—that you can render to our country at this time. It is highly important that prices be held down as low as legitimate business can bear. Profiteering is a familiar villain in every war. Nothing good is always ready to take advantage of its opportunity. For this reason the United States Food Administration will punish dealers who charge for licensed commodities more than a reasonable advance over the cost of the particular article. I am happy to be able to say that the larger number of dealers have not offended against this rule. But some have offended and more will offend if the guilty are not detected and punished, until wild speculation and profiteering will upset business and increase the cost of living to an insufferable degree.

To meet this condition, the Food Administration has created Price Interpreting Committees, composed of representatives of the wholesale and retail trade and of consumers. These committees will fix and publish at intervals maximum and minimum prices at which commodities should be sold by retailers. The minimum price is to be paid by the customer who pays cash and carries the purchase home. The maximum price is to be paid by the customer who buys on credit or when the merchant makes delivery. Any dealers charging more than the maximum price is profiteering.

The profiteer will be punished, even to the extent of being prevented from handling licensed commodities during the period of the war. But the Food Administration can not regulate profits by punishing profiteering unless informed of violations. Upon you must I largely depend for reports of such offenses. With your help I can and will keep profiteering down and even prevent it entirely. As a public official, entrusted with the serious work of leading Texans, in carrying out the food program of war activities, I am now most earnestly asking you, collectively and individually, to voluntarily accept the position of honorary agents of the Food Administration with the following duties: Carefully read and familiarize yourselves with the published prices of the Price Interpreting Committees of your community; check your purchases by such lists, never pay exceeding the maximum price fixed by the committee, and report to the local Food Administration or to my office the facts concerning any excessive prices charged or demanded by any retailer of your or of any person within your knowledge.

I realize that my request imposes an added and a disagreeable task upon the army of Texas women. But it is a task which you alone can perform and I am sure that you who have so cheerfully given your brothers and sons to the cause of victory or death will not withhold from that cause this further contribution of war service.

Respectfully, E. A. PEDEN, Federal Food Administrator for Texas.

### PROFIT SET FOR SEED MERCHANTS AND GINNERS.

The margin to cover expenses and profits of seed merchants and ginner has been fixed at \$3.00 per ton by the U. S. Food Administration. Recent advances in the cotton seed market make it necessary for the Food Administration to see that this rule is complied with. Seed dealers are instructed to pay back to farmers all excess over profits allowed in Circular 40. County Food Administrators are instructed to report to Administrator Peden any violation of Circular 40, or other cotton seed rules, or any refusal to refund according to the instructions.

## MAJ. ATKINS GOES "OVER THE TOP"

WITH MAJOR ROOSEVELT, SALVATIONIST LEADS AMERICANS IN CHARGE ON HUN FOES.

A terrific American barrage had been laid down on the Hun trenches. The American boys were on the firing step, waiting for the zero hour, rifle in hand, grim determination on their faces and eyes glued on the boggy trenches.

"Going up!" "Sure!" "Bully!"

The question was asked by Major Theodore L. Atkins, Jr., of his chaplain, Major John E. Atkins, of the Salvation Army, just before they went over the top somewhere in the Toul sector. And across "No Man's Land" the former president's son and the "little major" went leading the forward battalion.

Major Atkins, who has just arrived home in Chicago from the front for a brief stay to help force to the attention of the West the great need of immediate raising of the Salvationist Overseas Fund, told about the incident in an interview. Back from administering physical comfort and spiritual sustenance to the boys, he still blinks his eyes constantly from the shock of the shell fire, but as he says he "hankers for his boys" and is anxious to get back.

Of the Roosevelt boys he had much to say. He told of Captain Archie being wounded.

"There he was," he said, "sorely wounded, but refusing all medical aid until every one of his men had been cared for. That doesn't sound much like the action of one of the Kaiser's plentiful sons. But it's the American boy for you. That's the kind of a man we'd follow to the death if need be, and most of our men are of the same stamp. Their courage, strength, and initiative are second to none. It is a privilege to work for them and to feel that you can be of some help."

## "IT'S THE GREATEST CAUSE A-GOING"

MARLAN BABCOCK INSPIRED TO WRITE A PROSE POEM ABOUT THE WORK OF SALVATION ARMY.

(By Marlan Babcock)

When a fellow's been ailing in a battle for a day, when he's famished, dirty, weary, 'cause he hasn't hit the hay, and he hasn't had his coffee, or a single bite to eat, and the coolie clan from Scratchville drills his frame from head to foot; when he's staggered and deafened from a too-familiar shell, and there comes to him a surcease from this flaming man-made hell—then is when another Army comes to ease this harried soul, to appease his awful hunger and again to make him whole. To the doughty come the women—Yankee women, pure and sweet—bringing dressings for the wounded and delicious things to eat—good old doughnuts, pie and coffee, and occasionally some cake—heavenly manna, so to put it, "just like mother used to make. Why, the food and ministrations of these angels of the camp is unto these all-in heroes like as oil unto a lamp. And you've got to hand it to 'em, 'cause to do it death they dare, but they get it to our fellows in the trenches "over there." "Doughnuts for doughboys"—that's the Army's rousing cry. Though your gift be but a pittance, do not pass these angels by. It's the grandest cause a-going; Uncle Sam will sure rejoice if he knows that you are helping feed his hungry fighting boys. And the angels up in Heaven, just as sure as you're alive, love this same Salvation Army and are "pulling" for this drive.

## GEORGE ADE OMITS HIS SLANG

OKES SALVATION ARMY WAR WORK IN PUREST ENGLISH BY WAY OF EMPHASIS.

(By George Ade, Noted Author) "I am for the Salvation Army very strong because the soldiers are for it, and I think the boys know what they want. The "army" seems to have taken up a line of service which is not duplicated by any other organization.

"Their huts up near the active front, specializing on doughnuts and coffee, have become very popular with the soldiers.

"All American correspondents at the front agree on the statement that the boys feel deeply grateful to the Salvation Army and the courageous men and women who are performing these unusual duties within the danger zone.

"Therefore I am in favor of giving the Salvation Army any help that it may need."

## GARBAGE Questions and Answers

Is it true that garbage as collected in cities contains valuable material? Yes. It contains grease, materials convertible into agricultural fertilizers, and material valuable as food for hogs, chickens, and cattle.

Has not the amount of such valuable materials been decreased or eliminated? Decreased but not eliminated. Reports from a number of cities show about 13 per cent decrease in garbage collected and with a much greater decrease in the percentage of grease content in such garbage. It is impossible to eliminate garbage because of the inedible nature of certain portions of our foods.

Can not the valuable ingredients in such garbage be recovered? Yes. Twenty-nine of our larger cities are recovering about 72,000,000 pounds of grease and 150,000 tons of agricultural fertilizer per annum. The total present value of these materials is over \$11,000,000. Numerous other cities are likewise utilizing all or part of their garbage as food for hogs, chickens, or cattle.

Are not large amounts wasted? Yes; and even worse than wasted. In many cities considerable coal and other fuels are employed to destroy the garbage. Over 350 cities of more than 10,000 population, a total of over 14,000,000 people, do not utilize their garbage.

Could such cities conveniently make use of their garbage? In most cases, yes. Twenty-five are of over 100,000 population, of sufficient size to recover grease and manufacture fertilizer. These are destroying about 30,000,000 pounds of grease and 60,000,000 tons of fertilizer tankage valued at nearly \$5,000,000. This grease would produce over 4,000,000 pounds of nitroglycerine and 65,000,000 12-ounce cakes of soap. The garbage from the remaining cities could almost all be utilized as feed.

What use is being made of the grease and fertilizer? The grease produced is utilized for making nitroglycerine, soaps, waterproofing compounds, paints, etc. The fertilizer is used in agriculture. The grease now produced contains sufficient glycerine to produce the powder charge for about 10,000,000 75-mm. shells and sufficient acids for about 200,000,000 12-ounce cakes of soap. The fertilizer produced would replace the nitrogen and other elements taken from the soil by about 3,000,000 bushels of wheat.

How is this grease and fertilizer obtained from garbage? By extraction in modern garbage reduction plants.

Is it better than feeding such garbage to hogs? It has certain advantages, mainly due to the garbage from the larger cities containing foreign materials which might be harmful if fed to hogs. The gross returns per ton of garbage are practically identical whether treated by the reduction process of fed to hogs. The reduction process, however, is applicable only to large cities, while hog feeding can be successfully carried on in the smallest communities.

How much pork is produced annually on garbage feed? About 300 cities of over 10,000 population and totaling more than 9,000,000 people are feeding their garbage to hogs. The amount of pork actually marketed exceeds 10,000,000 pounds.

How much pork can be produced by using one ton of garbage as feed? One hundred pounds of pork.

Is there any evidence that garbage-fed hogs are more subject to disease or trichinosis than grain-fed hogs? No.

How do grain feed and garbage feed compare? Gains in weight are not made as rapidly with garbage as with grain. Six pounds of garbage in recent tests were found to give the same total gain as a ration of four pounds of grain.

Can the difference between garbage-fed hogs and grain-fed hogs be detected in quality of pork? Experts can not tell the difference.

## WEALTHY N. Y. GIRL S. A. WAR LASSIE

MISS CORA VAN NORDEN HOME FROM FIGHTING FRONT, TELLS OF WORK.

Miss Cora Van Norden, daughter of the late New York banker of that name, now an envoy in the Salvation Army assigned to battle zone relief work, has come on from the shell-torn trenches for a short furlough to plead with the West to contribute liberally to the overseas fund now being raised.

On the same day the frail appearing girl in khaki reached Chicago she made a speech before those in charge of the big drive now under way there which caused them to double their quota from \$250,000 to \$500,000 and this is as a minimum. There were tears in the eyes of many when she told of the great needs of comfort "over there", particularly dwelling upon the large number of boys who lack relatives at home and who look to the Salvation Army lassies for their only grain of sympathy.

Miss Van Norden, whose great bravery under fire has been recorded in cablegrams from war correspondents in an interview told how the Salvation Army men hiked with the boys to their sectors, brought back the wounded, comforted the dying and buried the dead. She told how they fulfilled little missions for the soldiers, had their watches repaired, sent money home, thawed out their boots and overcoats mended their clothes and served hot drinks and cakes.

"The boys like to come to us with their troubles," she said. "We take the place of the families they have left at home. They tell us about their mothers and sisters.

"If they are hard up they make a gentle 'touch.' I want to say right here, too, that I have only been stung once, and then by an officer.

They like to have somebody to say good-bye to them when they go over the top at the zero hour—somebody to welcome them when they come back, no matter how many 'crotches' they may bring. And they like to feel, when their time comes to 'go west' that somebody will plant 'Old Glory' on their lonely graves and send their treasures to the folks at home."

Miss Van Norden told of the great popularity of the huts and rest dugouts and said they are constantly crowded.

"There were three of the Salvation Army women who kept one hut closest to the front line trenches open 24 hours a day for three months," she said. The men appreciate it. They love to come there. They love to feel that when they go into the trenches there is someone thinking about them within hailing distance. And when they get back they make a rush to the huts first off. They just seem to feel that it is like running home to mother, or to wife or sister to tell them of the big happenings.

"The boys told me to tell the folks back home—their mothers and fathers and brothers and sisters—that the overseas fund must be raised and that this work must not be allowed to lag. I know that loyal folks at home won't deny them their wish."

## CHICAGO CLUBS WILL HELP THE S. A.

35,000 MEMBERS WILL CONTRIBUTE AND URGE ALL AMERICAN CLUBS TO GIVE THEM AID.

Chicago clubs have started a movement to enlist every similar organization in the country to the support of the overseas fund of the Salvation Army.

In the "club division" which has set about to help raise Chicago's quota of the war fund, are 29 clubs representing every big social and business organization in the city. They have organized a war council of clubs whose purpose it will be to see that their 35,000 members contribute to the fund and that clubs in other cities join in the movement.

Among the Chicago clubs which are behind the movement are the Chicago Athletic Association, Chicago Automobile Club, Chicago Engineers, City Club, Covenant Club, Hamilton Club, Industrial Club, Union League Club, University Club, Press Club, Chicago Club and Chicago District Golf Association.

This resolution has been passed: "Resolved; That it is the unanimous judgment of the representatives of the various clubs, members of the war council of Chicago Clubs, that the cause of the Salvation Army is a most worthy one and we earnestly recommend to each member club that an immediate and urgent appeal be made to its membership for contributions."

Members of fraternal societies have also joined in the drive. The Chicago Elks, following the lead in other cities and on the recommendation of the national officials, have organized a "flying squadron" and will not only canvass members, but carry on the drive among the miscellaneous trades of the city.
